

HADLEY

Asks For Salary As Sanitary Policeman

Claiming That He Never Was Lawfully Discharged

And Wants Council To Pay His Back Salary

The city council transacted very little business Monday evening. The only things to come before the body were matters that could not be decided definitely upon. One unusual feature of the meeting was that no ordinances were introduced.

The principal thing brought to the attention of council was a bill aggregating \$600. This bill was presented by attorneys for Lester Hadley who claims that the above amount is due him for his services as sanitary policeman in the city of Mt. Vernon. The bill was referred to Solicitor Roons who was asked to report back at the next meeting of council.

Mr. Hadley claims that he was never lawfully discharged from the office and that his salary has not been paid him for several months. Another sanitary policeman has been appointed, however, and there threatens to be an unpleasant mix-up unless the matter can be amicably settled. Only one salary can be paid for a sanitary policeman, but if Mr. Hadley's claim is sustained, there were two and the city didn't know it.

A petition was received from property owners in the Fourth ward asking for a crossing on the south side of West Curtis street at the Cottage street intersection. The petition was referred to the director of public service.

Adjourned.

Mt. Vernon Men Figure In Attempted Suicide In The City Of Lorain On Saturday Evening

Two former Mt. Vernon men figured in an exciting attempted suicide in Lorain, O., Saturday night according to an article in the Lorain-Times Herald of Monday. The attempted suicide occurred at the Broadway theatre in that city and the act was not down on the program.

While the orchestra was playing an overture, Mrs. Anna Hammermeister, wife of the orchestra leader, entered the theatre and taking a seat near the orchestra pit, pulled a bottle from her clothing and exclaimed to Charles Dorsey, the trap drummer, "here goes." She then lifted the vial to her lips and drank the contents. The bottle contained toothache medicine. The woman did not die as a result of taking the poison.

Mrs. Hammermeister tried to buy carbolic acid from Edgar Craft at the Central drug store in that city, but Mr. Craft would not let her have the acid. She then bought the toothache medicine from Mr. Craft.

Both Mr. Dorsey and Mr. Craft are former residents of Mt. Vernon.

BEDELL

Lectures At Kenyon College On March 30 And 31

At Kenyon College, Gambier, Ohio, the Bedell lectures for 1914 will be delivered by the Rev. George Hodges, D. D., Dean of the Episcopal Theological School, Cambridge, Mass., on the afternoons and evenings of Monday and Tuesday, March 30th and 31st, 1914. On the subject "The Church of the Fourth Century," four lectures will be given as follows:

- I. Monasticism in the East: Basil, Gregory.
- II. Monasticism in the West: Martin, Cassian, Jerome.
- III. The Church and the Greek Court: Chrysostom.
- IV. The Church and the Latin Court: Ambrose.

The Bedell Foundation established by Bishop Bedell, third Bishop of Ohio, provides for the publication of these lectures which are given every second year. The usual date of delivery is on or near Founders' Day which at Kenyon College is celebrated on the Festival of All Saints, November first. During the year 1913-14 President Peirce had planned to spend a leave of absence in Europe and it seemed more convenient to arrange for the lectures on the dates announced.

GAMBLING

On The Diversions Of A Wise Owl That Makes Daily Visits To Cooper Works

"Well, do you want to bet again today?"
"Sure!"
"Well I'll bet you a cigar it doesn't fly out."

"Taken."

This dialogue can be heard every afternoon now in the machine shop at the C. & G. Cooper company and the object of it—no, it's not a Labor Day aeroplane, but nothing but a wise old owl, which has for the past two weeks been rejourning through the day amidst the swish and whirl of the machinery in the rafters at the Cooper machine shop. There it sits and blinks all day and does not at all seem alarmed at what is constantly going on around it.

The owl makes its entrance before the men come to work in the morning through a broken window high up near the roof of the erecting room and flies through the shop taking a position at the extreme end to become the object of many curious glances and rash bets throughout the day. Late in the afternoon it will fly about half way down the shop, later flying to a point near the broken window. Just as soon as the first sound of the big whistle that blows at five-thirty echoes throughout the building Mr. Owl will slide through the broken window to pursue his nightly meanderings. The action of the owl has aroused a great deal of curiosity among the workmen and anxiety among the more sporting class. One of them enthusiastically declared, "Why I've won three cigars."

Mrs. Mary A. Scribner and Mrs. Leoda Cornell went to Newark Tuesday to attend the funeral of Mrs. Jack Roe which occurred Tuesday afternoon.

Mr. E. T. Penrose is cruising down the Kokosing river in his canoe, "The Alert," in the interest of the fish and game commission. He left the city early Monday morning to be gone several days.

PARDON

For A Life-Man At The State Sanatorium

Deference to St. Patrick led Governor Cox yesterday to pardon Edward McGrew of Cuyahoga county, serving a life sentence in the penitentiary for murder of his common law wife in 1909.

McGrew has been a trusty at the Ohio State Sanatorium, this city, for the past two years. He left Mt. Vernon Tuesday on an afternoon train for Cleveland, his former home.

Before the deed was committed McGrew had been injured on the head while working as a railroad brakeman. He had recovered apparently from the injury, but it was alleged that he was a changed man thereafter.

After entering the prison, his mental condition became worse and prison physicians recommended an operation on the part of his head that had been injured. Dr. Edwin A. Hamilton of Columbus performed the operation, which revealed that a considerable portion of the skull bone had thickened and was pressing against the brain. This was removed, and his normal condition returned. It is thought that he was insane at the time the deed was committed and, therefore, not responsible for his act.

McGrew's case had been pending before the pardon board since 1911.

Rheumatic Blood is Whole Story

Sciatica, Lumbago, and Dreaded Arterial Rheumatism Cured.

You Will Feel Like an Acrobat After Using S. S. S.

Rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative remedy. There is but one standard rheumatism remedy, and it is sold in all drug stores under the name of S. S. S. Attempts are often made to sell something claimed to be "just as good." But positively you will have nothing but S. S. S.

It contains only pure vegetable elements and is absolutely free of mercury, iodine or potash or arsenic.

The reserves of all types of rheumatism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifically, and just as well as the most acceptable, most palatable, and most readily digested food. Do not fail to get a bottle of S. S. S. today. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a specialist, write to the medical department, The Swift Specific Co., 220 Swift Bldg., Atlanta, Ga.

Rev. O. E. Ford has been called to Attica, Ohio, to officiate at the funeral of one of his former parishioners.

Mr. and Mrs. Nathan Keller of Barberton returned to their home Tuesday morning after a several days' visit with relatives in Mt. Vernon.

Mrs. O. F. Cooper of the J. S. Ringwalt Co., went to Cleveland Tuesday morning to attend the annual fashion show.

Mrs. Robert Clarke, North Main street, who has been spending the winter in Pittsburgh, Pa., returned to the city last evening.

Miss Virginia Shelley of the Mt. Vernon College at Academia entered the Mt. Vernon Medical and Surgical Sanitarium Monday afternoon for treatment.
